**CENTRE FOR DEVELOPMENT OF
IMAGING TECHNOLOGY (C-DIT)**

A Scientific and Research institution Under Govt. of Kerala

FULFILLING THE DIVERSE NEEDS OF IT, ELECTRONICS & DIGITAL WORLD....

Centre for Development of Imaging Technology, C-DIT, a Government organization with corporate culture, is concerned with customizing technology for the masses. It is an organization where creativity, aspiration, innovation, brilliance and excellence merge with technology for mere perfection. C-DIT's campus in the serene beauty of Chitrangali Hills, Thiruvananthapuram, where one of India's all-in-one film productions is functioning, is an ideal location to pool the sparks of creativity and innovation as part of

an intellectual vanguard. Currently slated as a total service provider for the Government, catering to advancement of research, development and training in IT, C-DIT seeks and strives to take the multitude benefits of information revolution to the grass roots. C-DIT has gradually evolved as a centre with plenitude skills covering information technology and its application to various forms of media from traditional to the modern.

A REVOLUTIONARY VISION TO REALISE ITS MOTIVATING MISSION

The great task taken up by C-DIT is "to become the leading service provider and product innovator in new media information technology system, tools, applications and content development with thrust on deployment of sustainable and appropriate imaging and imaging technology for science and development communication."

QUALITY POLICY

Quality in service and products offered by C-DIT is achieved and sustained when each concerned employee scientifically approaches, continuously monitors and reviews, owns and enjoys tasks assigned to them and continuously strive to achieve customer satisfaction and establish a C-DIT brand image.

SERVICE SPAN AND IDEOLOGY

C-DIT has taken up many prestigious projects of the Government of Kerala and completed them successfully through four functional Groups, each specializing in a core area, viz. Communication Group, Technology Group, Education & Training Group and Operations Group. C-DIT has been functioning as a Total Solutions Provider to the departments and agencies under the Government of Kerala in the areas of ICT applications and in the production of Holography based security products and security printing.
